TRAILERS 2000™

AUSTRALIA'S FAVOURITE TRAILER

When you take your trailer off-road make sure you have the confidence in knowing that your trailer was designed and built with off-road conditions in mind. And this model certainly was. It is made tough for off-road conditions and includes extra heavy duty chassis, deep sides as standard along with heavier suspension, a longer drawbar, off-road axle and 16" x 6 stud hubs. This trailer really is toughness squared. Our off-road trailers are value packed with features designed for extra towing comfort and performance and come with unbeatable 2 year Warranty and FREE 2 years Roadside Assist. Every trailer is packed with value: galvanised steel construction, new 16" wheels and tyres, checkerplate floor, extra heavy duty chassis, checker plate floor and LED lights. Plus, your trailer comes set to fit a cage or rack if needed with four smartly designed corner posts included. Other features include heavy duty tie rails all round, a full rear cross member, and an impressive 750kg Aggregate Trailer Mass (ATM). Options such as side steps, off-road couplings, jerrycan holders, gas bottle holders, toolboxes, brakes, and shackle springs are also available. In addition the usual accessories such as cages, covers, tradesman's and pantec tops, ladder racks, drop-in bike racks, jockey wheels and spare wheels are available on all trailers.
