# TRAILERS 2000™

AUSTRALIA'S FAVOURITE TRAILER

Moving a car has never been easier if you have your own car trailer that is built for the job. These painted car trailers are designed to handle tough Australian conditions and are ideal for work on the farm or around the home as well and come with unbeatable 2 year Warranty and FREE 2 years Roadside Assist. At Trailers 2000, we do not manufacture the lesser quality black mild steel trailers. In fact you get quality across the board. The heavy duty chassis and drawbar are made from galvanized steel profiles and unlike other profiles our profiles are galvanised inside and out where it really counts. You also get 230mm high sides in the for of an engineered bridge or truss, full chassis with cross members every 300mm, heavy duty tie points and 2000kg Aggregate Trailer Mass (ATM). Or if you need even more capacity this car trailer is also available in 2490kg and 3000kg (ATM). Options such as electric brakes and rocker suspension are also available. This trailer is suitable for carrying machinery and equipment, lawn mowers and tanks. Choose from a range of 12 fantastic colours.
