

UNIQUE FEATURES

Trailers 2000 offers a premium range of Australian made, galvanised box trailers, without the premium price tag! All trailers feature high quality Australian designed parts and accessories and are supplied to the following superior specifications:

GALVANISED STEEL CONSTRUCTION

Trailers 2000 trailers are made from galvanised steel so you have the confidence of knowing that your trailer body and chassis are fully protected from the elements. Plus all welded areas are protected with an additional Cold Galvanised Treatment.

BRAND NEW WHEELS AND TYRES

Every Trailers 2000 trailer comes with brand new wheels and tyres.

LED LIGHTS

All trailers are fitted with weatherproof LED lights made with a superior polycarbonate lens & ADR approved.

MAGNETIC TRAILER PLUG

Every trailer comes fitted with Australia's only magnetic trailer plug, which means when not hitched up you can prevent damage to your connector plug by attaching it to your trailer drawbar.

STRONGER CONSTRUCTION

Our trailers are made using advanced state-of-the-art "self-piercing riveting" technology for improved strength, rigidity & durability under Australia's harsh conditions. Plus new style tie-rails are thicker and stronger than ever.
