

UNIQUE FEATURES

Trailers 2000 offers a premium range of Australian made, painted galvanised box trailers, without the premium price tag! All trailers feature high quality Australian designed parts and accessories and are supplied to the following superior specifications:

GALVANISED STEEL CONSTRUCTION

Trailers 2000 trailers are made from galvanised steel so you have the confidence of knowing that your trailer body and chassis are fully protected from the elements. Plus all welded areas are protected with an additional Cold Galvanised Treatment.

BRAND NEW WHEELS AND TYRES

Every Trailers 2000 trailer comes with brand new wheels and tyres.

MAGNETIC TRAILER PLUG

Every trailer comes fitted with Australia's only magnetic trailer plug, which means when not hitched up you can prevent damage to your connector plug by attaching it to your trailer drawbar.

STRONGER CONSTRUCTION

Our trailers are made from strong and durable galvanised steel sections that are designed specifically to ensure that every trailer is built tough enough to withstand any kind of work and last longer in Australia's harsh conditions.

Over 20 models available in 12 fantastic colours, plus a full range of accessories to fit out your trailer.
